Student Mentorship”

20th – 24th July 2026

Organized by

E&ICT Academy, IIT Guwahati

In Association with

Department of Business Administration
NERIM Group of Institutions, Guwahati

About NERIM Group of Institutions

Established in 1992 by the NERIM Educational Society, NERIM Group of Institutions is one of the leading centers of higher education in North-East India. The Institution was founded with the vision of promoting quality professional and skill-based education to meet the growing demands of industry and society. NERIM is affiliated to Dibrugarh University, Gauhati University, Assam Science and Technology University (ASTU) and approved by AICTE, BCI and NCTE for its various courses. The Institution offers wide range of undergraduate and postgraduate programs in the fields of Management, Computer Science, Education, Social Work, Applied Psychology, Teacher Education, Commerce and Juridical Studies.

Department of Business Administration, NERIM Group of Institutions

The Department of Business Administration at NERIM is a distinguished center for management education, known for its academic rigour and industry-focused approach. It offers AICTE-approved MBA and BBA programs, along with a PGDM program under AIMA. Since its inception in 1999, the two-year full-time MBA—the flagship program of the institution—has consistently produced twenty-six batches of future leaders, securing excellent placements in reputed national and international organizations. Renowned companies like HDFC Bank, Federal Bank, TCS, Deloitte, Havells, Britannia, Asian Paints, IDBI Bank etc have been consistently recruiting our students. A distinct advantage of NERIM's MBA is its robust dual specialization framework, empowering students to master two complementary business domains and significantly expand their career versatility in a competitive job market. Consistently ranked 1st for its BBA and MBA course by GHRDC Category of Excellence, the Department of Business Administration at NERIM has emerged as one of the best B-Schools in the country. Its pedagogy blends theory with practical exposure through case studies, seminars, live projects, and industry interactions, supported by mentoring and skill development programs to build leadership, analytical and decision-making capabilities. With a strong focus on employability and professional excellence, the Department continues to nurture future business leaders equipped to meet the challenges of a dynamic global business environment.

Course Outcomes:

- Understand and explain the fundamental concepts covered in the course.
- Apply relevant tools, techniques, and methodologies to solve practical problems.
- Analyze and evaluate real-world scenarios using the knowledge gained.
- Develop innovative solutions and improve professional competence in the subject area.
